

# PACK & PADDLE INDEX 1998, Vol 7

## ABOUT THIS INDEX

This Index categorizes information from Volume 7 into three areas: backcountry destinations, general subjects, and specific articles. Glance through the Index to find an item that interests you, then look under the month and page to read about that area. Occasionally the Index heading will not correspond to a bold-face heading on the magazine page—but you'll be able to spot it by skimming the page. Back issues can be ordered—call or write for details. Indexes for Volumes 1 through 6 and special Indexes for just paddling and snow-touring are also available. This Index may be photocopied for friends and clubs. See you in the backcountry!
